About Us

The Paraclete group had its beginnings at Kottayam in 1995 as a partnership firm founded by Jaison Joseph and Thomaskutty AJ, providing a wide range of construction solutions to our clients and delivering a whole lot of quality work. Our group, since then, has grown drastically in terms of both size and reputation. We have earned recognition for undertaking large complex projects, fostering innovation, embracing emerging technology and providing our clients with professional service that ensures quality and value. We have also successfully completed various projects in Kerala, Karnataka and Tamil Nadu.

We, Paraclete builders adhere to make a difference in everything we do. This difference is demonstrated through our disciplined approach to work, our performance and the commitment to our clients. The breadth of our capability ensures that we can meet our clients' need every time on every front, which earns us their trust. It is this difference that endeavours us to achieve nothing less than extraordinary.

Chairman's Message

“Humble beginnings cemented our core values - integrity, people, innovation and responsibility-into our business philosophy, creating the Paraclete way. These values are the platform upon which we build in. We are committed in maintaining a partnership based on transparency and reliability with our clients rather than an ordinary client-contractor relationship. Our clients are fully aware that we have the required skills, experience and resources and most significantly the flexibility to complete their projects to the highest standards on time and on budget.

We thrive hard to earn your satisfaction and respect and it's our goal to develop a long term relationship with you through honesty and professionalism so that we will be the sole source for all your contracting needs. We sincerely hope you would find inspiration in our history and look forward to writing new pages together. ”

Testimonials

Outstanding work

“ Jaison Joseph has been associated with Orange County Resorts and Hotels Limited, (presently Evolve Back Resorts) since 1995. He has successfully completed two of our projects, (a) Kabini — A Tribal Village Theme Project and (b) Evolve Back Coorg — Plantation Theme Project expansion with swimming pools in every cottage. He was found to be honest in his dealings with us and his commitment to time and quality of work was good. ”

I am grateful

“ My house was constructed by Mr. Jaison Joseph 20 years back. I found him to be hardworking and a hassle-free committed person. The house was completed on time. Even now the people who visit us find it hard to believe that we moved in 20 years back, all thanks to Mr. Jaison Joseph. I've recommended him to many people here and he has done a lot of work here in Coorg. ”
